# THE COLLECTIONS

---

# WE ARE REAL

---

---

The **LIVONI** history started in 1895 with Edoardo Livoni then with the Zilio's family in 1997, initially with Marco Zilio and then under the direction of Maurizio Zilio.

Today, with his son Federico, the founding members of Tekhne, company established in 1994 and all the collaborators, Maurizio Zilio, with a lot of enthusiasm and a great entrepreneurial experience, continues with passion the tradition and family history within the territory where he was born and where still proudly lives.

Technological innovation, 4.0 investments, researches of new models and designers, commercial investments, social networks, internet platforms and of course sustainable production are and will be new challenges which along with the great management will contribute to the LIVONI's success, without forgetting the bases of our business, such as using our craftsmanship skills to manufacture a well designed, long-lasting and comfortable chair.

La storia della ditta **LIVONI** inizia nel 1895 con Edoardo Livoni e continua dal 1997 con la famiglia Zilio, con Marco Zilio fino al 2016 e successivamente sotto la direzione di Maurizio Zilio.

Oggi Maurizio Zilio, con il figlio Federico, i soci fondatori della Tekhne azienda fondata nel 1994, e ai suoi collaboratori continua con passione e grande entusiasmo una tradizione e storia familiare nel rispetto del territorio in cui vive ed ha vissuto.

Innovazione tecnologica, investimenti 4.0, ricerca di nuovi modelli e designer, investimenti commerciali, social network, piattaforme interne e svolta green delle produzioni, saranno le nuove sfide per garantire il successo dell'azienda, senza dimenticare che alla base di tutto rimane la capacità artigianale e creativa di realizzare una sedia di design, durevole, piacevole e confortevole in grado di soddisfare clienti ed utilizzatori.

# EXPLANATORY NOTES

Since wood is a natural material, you may notice slight variations in the shades of different wooden elements in the piece or pieces of the product. Further, if you have bought these products at different times, variation in colour or shade may be caused by climatic-Environmental factors or the period of time that has passed between purchases.

We do not consider the variations outlined above to be valid reasons for claims and/or returns. Unless otherwise specified in writing before confirmation of the orders, the choice of the upholstery and the assembly of the panels shall be at our discretion.

Each piece will be upholstered in the way we feel is most appropriate, unless otherwise specified in writing when the order is placed. If our products are to be supplied in a number of different shipments over time we shall be not responsible for any variation in the shades of the fabrics.

A fee will be charged for upholstery with fabric supplied by the client.

The amount of this fee shall be subject to agreement between the company and the customer.

A certain amount of fabric will be unavoidably wasted during the upholstery process, therefore a percentage should be added to the total quantity required. This amount varies from 5% to 10% in proportion to the quantity of chairs ordered.

The customer's fabric shall be delivered to our premises with all transport costs and other fees prepaid.

If the fabric is imported, it must be accompanied by the Certificate of Origin which is required for passing Italy Customs. If we must pay transport costs and/or custom fees such cost and/or fees will be charged to the customer.

The company declines any responsibility concerning the customer's choice in terms of fabric. On the volumes of cartons it is necessary to consider a percentage at least of 10% of free space normally lost with the loading.

Livoni can grant new customised furnishing solutions which are illustrated in the catalogue as small furniture items, service tables, occasional furniture tables, sofas decorations, furniture accessories. At our sole discretion, the company reserves the right to change dimensions and type of construction, and to make improvements and other changes to its products.

The place of jurisdiction is Udine.

Essendo il legno un materiale naturale sono possibili lievi differenze di tonalità fra i vari elementi in massello che compongono il/i prodotto/i. Inoltre nel caso di prodotti acquistati in tempi diversi il tempo trascorso e i fattori climatico-ambientali possono determinare variazioni di colore e/o tonalità. Le differenze sopraindicate non possono in nessun modo costituire motivo di reclamo e/o merce resa.

L'imbottitura, e/o assemblaggio di pannelli imbottiti, salvo particolari accordi scritti prima della conferma dell'ordine, sono realizzati a discrezione dell'azienda.

Il tessuto viene applicato nel modo ritenuto più appropriato, salvo specificazioni scritte al momento dell'ordine.

L'azienda non è responsabile di eventuali differenze di tonalità dei colori dei tessuti utilizzati nel caso di forniture effettuate in tempi diversi.

Il rivestimento con tessuto cliente viene eseguito al prezzo da pattuirsi.

I consumi vanno aumentati di una percentuale che varia dal 5% al 10% in quanto una certa quantità di stoffa viene inevitabilmente persa durante l'imbottitura.

Il tessuto inviatoci deve arrivare alla nostra azienda in porto franco e, se proveniente dall'estero, accompagnato dal certificato di origine, che è indispensabile per lo sdoganamento in Italia. Eventuali costi di trasporto e/o di dogana da noi sostenuti, verranno riacdebitati al cliente in qualsiasi momento ci dovessero pervenire.

L'azienda declina ogni responsabilità in merito alle scelte del tessuto cliente e alle modifiche richieste dal cliente.

Livoni offre nuove soluzioni d'arredo personalizzate che sono rappresentate nel catalogo da piccoli mobili, tavoli, divanetti, decori e complementi d'arredo.

Sui volumi di cubatura bisogna calcolare una percentuale di spazio che si perde con il carico. I volumi vanno perciò aumentati di una percentuale minima del 10% proporzionalmente alla quantità di sedie/scatole.

L'azienda si riserva la facoltà di variare in qualunque momento dimensioni e tipo di costruzione, nonché apportare migliorie e varianti a suo insindacabile giudizio.

Per ogni contestazione giudiziaria sarà competente il foro di Udine.
